

"Weh di bloodclaat do yuh? Siddung, siddung!"

"Listen, remember what I said"

"What style do they use?"

Yeah

"I know"

It's Scarlxrd, duh

Yuh

I just take it one step at a time  
Back in that mode to survive  
You see the length of the stride  
Couldn't keep up if you tried  
Yeah, I took a break from the life  
I don't wanna hear advice  
Back with the pressure applied  
Level up skill incline

What's the price I'm supposed to pay?  
Locked inside, intentions must improve  
I break the laws I'm forced to make  
A larger brain would help me rule  
Sensory data's hacked I think  
Am I lost in a dark eclipse?  
Across the face of bliss  
Bondage shapes the link

Remain a fraud with the title  
Medals bring nothing but rust over time though  
Reaching for something more touching than I grow  
Starting to feel like I got buried awake  
Starting to feel like I'm stuck in a cycle  
Fresh out the grave so there's mud on my face  
Life of a Phoenix, the ashes, the milestone, man of war  
Kick one back for the day, you're done  
How I constantly raise the bar?  
Minimal life so I don't chase more  
Wait, you sure you ain't?  
I'm pleased to sacrifice it all  
I just need a way  
Otherwise our passion haunts us all  
Step in my shoes and you'd barely survive  
Nothing to prove when you're hardly alive  
Feel like the Pixies, like, where is my mind?  
Y'all niggas cooked how ya rushing your time  
Looked for the damage, it gave me advantages, thought I would fold but it offered me life  
Blood in my bandages got me expanding shit but that shit nothing when covered in ice

"Pu-Pu-Pull up that boy, wheel up!"

Y-You're now tuned into LxrdAudix

Uh

Always running with the DL on me  
We got LXRDSUPPLY up with the status poppin'  
All my reasons ran out putting this out slowly  
Gotta move way faster, get the panic flowing

Nigga wuh  
Dare show me  
Being fired up got the pen flowing  
You don't want it with my dark side  
Vilified I'll avenge homie  
Relapse and make sense of it  
Living like I got a debt on me  
All this heavy on my hard drive  
Y'all ain't even heard the best of me

What's the price I'm supposed to pay?  
Locked inside, intentions must improve  
I break the laws I'm forced to make  
A larger brain would help me rule  
Sensory data's hacked I think  
Am I lost in a dark eclipse?  
Across the face of bliss  
Bondage shapes the link

"I mean, I don't think you can do it"
