

DEMXNS & ANGLES

Scarlxrd

In the sky, no one's watching us
In the sky, no one's waiting
The angels will fall off
The angels will fall

How long can I pretend I'm fine?
And my limits, they won't leave my mind
I don't know how much I can take
I don't know how much I can take

In the sky, no one's watching us
In the sky, no one's waiting
The angels will fall off
The angels will fall

I don't know how much I can take
I don't know how much I can take
I don't know how much I can take
I don't know how much I can take
