Knew this, I thought that you  
I thought that you knew this  
I thought that you

Panic  
Don't panic  
Don't panic  
Don't panic  
I thought that you knew this  
Don't panic  
Don't panic  
Don't panic

I'm 'a shoot my shot like I'm Kobe  
Ask me where my mind at I don't know  
I'm 'a need the fam to take control  
I can't do this shit here on my own

I remember wishing for these days  
Back when I had nothing to my name  
I realise now nothing is the same  
The only thing that's promised is the change  
My life is a fast line  
Bitch I'm paranoid so don't be asking for a hand shake  
Bitch I can't avoid it I'm on tour for the fans sake  
They get disappointed when I switch it for the bands sake  
For the bands sake

I'm 'a shoot my shot like I'm Kobe  
Ask me where my mind at I don't know  
I'm 'a need the fam to take control  
I can't do this shit here on my own

Knew this, I thought that you  
Knew this, I thought that you  
Panic  
Don't panic  
Don't panic  
Don't panic  
I thought that you knew this  
Don't panic  
Don't panic  
Don't panic  
Don't panic  
Don't panic

I've been going manic  
All y'all look ceramic  
Ask me how I manage  
Blame it on my talent

I thought that you knew this
