ESCAPE.

Scarlxrd

Trying my patience
I've been on the run for some time now
Time has been wasted
Just trying to sort my mind right out

Let me out
Escape's never been difficult
I said let me out
Escape's never been difficult
Let me out
Escape's never been difficult
I said let me out
Escape's never been difficult

Life's not an enemy
Lies have been said to me
Just try and be a better me
It's alright now
Times I regret to see
Times I forget to breath
Times I will lend to fate
It's all fine now

Trying my patience
I've been on the run for some time now
Time has been wasted
Just trying to sort my mind right out

Let me out
Escape's never been difficult
I said let me out
Escape's never been difficult
Let me out
Escape's never been difficult
I said let me out
Escape's never been difficult

Life's not an enemy
Lies have been said to me
Just try and be a better me
It's alright now
Times I regret to see
Times I forget to breath
Times I will lend to fate
It's all fine now
