

FFS FREESTYLE.

Scarlxrd

Living too fast and there's no one above me
I look in the mirror, I'm seeing I'm lucky
Won't trigger the fear, bro, I barely can trust me
I feel like a hero, man, no one can touch me
Eyes on the prize, I got no other thoughts
I draw the line, but I'm running across
Won't never pull up or get to the bar
Like Nike: "Just do it", I run like a star
Wait, moving advanced (Ayy)
Get up and think of the bands (Ayy)
Nigga, I'm moving too fast
I've been thinking 'bout days when I cover my tracks (Ayy)
Feeling fantastic, coped some new fabric, will I rock classic? (Ayy)
One shot snap him, most of y'all plastic, I'm a wreak havoc (Ayy)
Get a new gadget, go-go panic, yeah, I done lapped that race
I want it, I have it, pray like a catholic, I'm on outlandish pace
Back up, yeah, this shit got my stats up
Might go fuck around and cop that new matte truck
Nothings feeling better than a real life fuck
24/7 my cash stays up
Leave the pretending, it's never for us
Neither direction can stagger the rough
Open your mouth and I'm buying it shut
They don't want static
Please, don't call me on tactics
Leave all the acting (Uh)
You niggas passed it, need more practice
Copy my look like a cosplay (Uh)
Scars drawn on with a Sharpie (Uh)
That's not yours, that's Scarlxrd (Uh)
Why are you screaming and moving erratic?
I'm ever so flattered you copy me (Uh)
What?
Start taxing mans for graves
Wanna bite my fashion, safe
You look trash out the gate
I'm humbled anyways (Uh-Huh)
I ain't invent the game (Yeah)
So many G's before me (Ayy, ayy)
If you wanna hate then hate (Yeah, yeah)
Take a step in my mind and you'll see that
I never take breaks I just dodge and I weave back
Erratic at pace like my whole life is a freestyle
We have to explain every angle we're seen at
Why? Uh
I don't try (Uh) that's just not my style (Uh)
I like sounding vile, I ain't in denial (Uh)
Yeah, I'm fucking wild, but yet I act entitled (Yeah)
Like a fucking child, I'm my biggest idol
I'm a monster, a fucking monster
I'm a monster, the biggest monster
I'm a monster, a fucking monster
I'm a monster, a fucking monster
Ayy, ayy, ayy, ayy, ayy, ayy, ayy, watch your back!
Ayy, ayy, ayy, ayy, ayy, ayy, ayy, watch your back!
I got it, oh god, I got it, oh god, I got it, oh fuck, I got it!
It mine in the back

It mine in the back
I've mine in the front
I've had it for days (Uh)
Solo brain (Uh)
Control the pain, uh (Yeah!)
Control the brain (Control the brain!)
Solo brain (Uh)
Control the pain, uh (Yeah!)
Control the brain, control the brain!
Yeah!

Haha, fuckin' hell, uh
Self isolation got me fucked
Head's gone
What day is it?
Eugh!
Fuck!
