

Fortune, solitude  
Reminds me of the time I cannot choose  
Be aware, I'm not you  
Only in my mind I fucking choose

Fortunes only gonna save the bold  
Realise the facts and stay 10 toes  
No one will save you from this reckoning  
They could not take from me that's just a joke  
I'll just split your head and slit your throat  
Get the fuck away from me leave me alone

Fortune, solitude  
Reminds me of the time I cannot choose  
Be aware, I'm not you  
Only in my mind I fucking choose

Relax, change your tone  
Relax and change your tone  
You're fine, I swear  
You're fine, I swear

Fortune, solitude  
Reminds me of the time I cannot choose  
Be aware, I'm not you  
Only in my mind I fucking choose
