Gin has got me jumping
Goose has got me grooving
All these haters saying nothing

They go wild for something
All the time I'm cursing
New watch yeah I'm stunting

Not with the drama
Why you talking like a gangsta
Ain't no killer work in asda

Broke boy in prada

Everyday I'm fucking winning
I stay working on my business
All this liquor got me talking fucking weird
I don't ever waste my time on arguing with squares
Nah nah
Keep that fukkery away from my ears aw yeah
I came from wearing no fear to really feeling no fear
I'm a nigga that's just really about his paper
But I don't ever pay no mind to the haters
I'm still counting racks up to the ceiling from saviour
That's just how a nigga do ill take your girl and never date her
I'm on a mad one I can not slow down
Too high to ever get down
Swear down my life sick now
On a madness everyday
Missed call from craga
Gassed from the balloon wave
Turning way up on a Wednesday

Bud has got me moving
Gin has got me jumping
Goose has got me grooving
All these haters saying nothing
This is how we moving
They go wild for something
All the time I'm cursing
New watch yeah I'm stunting
