Late night back on the grind like
'What should I write? '
I'm mixing vodka tonight
So what? I don't care if I die
That's so dead but so are thoughts of my life
I hate when I get like this
Acting like I'm killing my shit
I sparred with the devil and he hits like a bitch
I'm a young rebel set fires on bridges
Too late don't try bump my fist that's two faced
I'll slap both of them quick
[?] I'm a psychopath when I drink
My shoelace tied when I cresent kick that
I see lives I hide from most times
Wrist not ice 'cause you're not that guy
Don't try me today I got archives
I don't care about you or your life
I'm not from here, Yung Lxrd's outside
This Implies that no-one's likewise
Bang your head clockwise with sprite
I drowned in hype like I got baptised
Twice no franchise, Hide inside
But my sounds worldwide

Young nigga had it all and didn't realise
Now I know it and I even civilised

Y-Y-Yung Scar why you going so hard? (ay)
How you droppin' bangers from your yard? (ay)

Keeping my eyes closed I'm never awake
Switching my look like I'm playing away, (damn yuh)
