Yuh

I've been moving forward while they hating on it  
King of wonder, these days I been out discussions  
Self destructive but I'm moving hastily from it  
My brain functions in a way that breaks all logic  
Your choice isn't favoured, Imma grow way past their lame assumptions  
Even when I'm faceless, I'm the face of "All in"  
Choice been weighing on me but one day I'll cut it  
Taught to deal with danger, I bring repercussions  
All new, one look at the game, fuck a play, I just cut through  
You think you swing better but my brother will dissolve you  
Aye, they was talking shit online but now it's all cool  
Karma coming clutch, it's no surprise, you feel misfortune  
I keep on mixing every sentence with the cold truth  
If you wanna judge me on my wrongs, they will exhaust you  
I be switching styles along genre now they confused  
Listen to my rhymes I get inside and then I haunt you  
Uh, uh, uh  
Deal with me? Okay, so let's see and wait  
You don't wanna be like me  
You don't wanna speak your dreams  
You don't wanna meet the peak  
You can suck my middle fing'  
Get back bitch, I'm seeing green  
No distractions, killing shit  
Fuck that shit, they woke the beast  
Once I'm on, I'll never leave  
Big man, I'm still on this thing  
Trickshot, make a lost boy think  
On top, need a All-Star ring  
Keep on like I like this shit

Hold on bitch, this one's gonna be a long ride

I been on the grind so don't try and hit my phone  
It's just me and Muppy, we can do this on our own  
They want be just like us, they can try it if they want  
We deal with the magic, it's that static from the throat  
We the new advantage, we got planets worth of dope  
Bitch, call me the Captain, don't address me as no GOAT  
My job way less stressful since I let go of the votes  
Bitch, call me the Captain, don't address me as no-

Nah, don't address me as no fucking GOAT  
If we traded places, you'd be ducking all the smoke  
Mask on got me faceless, I still run the fucking show, ah  
Don't address me as no fucking GOAT, ah
