

# Heart Attack

Scarlxd

David, I love you. I fucking love you. I fucking love you, fuck  
{Hey, woah, woah, woah. Don't do this, don't do this}  
You fucked me four times the other night, David. You've been inside me  
{Julie}  
I swallowed your cum, that means something  
{Slow down, hey}  
Four times, it means something, David, four times  
{Stop the car}  
For 24 hours a day, Dave, I lived with this aching possibility that you might  
call me to do something  
{Let's go to your house and we'll talk this out, I want to see where you}  
Fuck (ayy)  
{I want you to stop the car}  
Break!

Full force heart attack  
Five point punch, don't hold me back  
We see through you like it's glass  
All you niggas fucking trash  
You're not that savage or ruthless, no  
Quiver with fear when you step to the GOAT  
They gon' force me to lose my control  
Niggas ain't ready to walk down that road, what?  
Fuck this whole scene, man, we taking shit over  
I've been doing business, I've been with the olders  
It's too late for niggas, the deadline is closer  
The world has been mine, don't you see I'm the owner, yah  
We are that ultra light beam, yah  
We 'bout that money and cream, yah  
I fuck your bitch to my beats, yah  
I like the way that she screams  
Little nigga doing bits, dropping tracks for the hell of it  
Never been indefinite, I'm the master of the evidence  
Run up on a nigga, I turn to John Wick, I'm a nemesis  
Pull up on the trigger and do the venomous negative  
I'm so down and aggressive  
I run around with the weapon  
I'm tripping out on the drugs  
I'm 'bout to break me a record  
I'll knock your teeth like a dentist  
I broke her heart, don't regret it  
I'm like Dennis the Menace  
Oh my-my-my flow is stupendous

Die

Ay, Scarlxrd, yeah, ha, where's the coffee?  
We lit! Die!  
[?], ready?  
Ay, ay, hey, hey, die, ay, yeah, Scarlxrd, blegh

Keep my fucking name out your mouth, you don't know me  
You just hear the shit out my mouth, listen closely  
Everything I spit is hot shit and unholy  
Pussy niggas never seen a clip, they're so phoney  
Fucking hate this place  
I see hell inside your face

That shit fills me up with rage  
Passing points we shouldn't break  
Scarlxrd's really 'bout to change  
From that railcard to the range  
On some upgrade life exchange  
I break down and recreate

Break  
Fuck, break  
Uh, yeah, ay, hey
