

# HELL IS XN EARTH

Scarlxrd

Yuh, okay, so don't look down, yuh, haha...  
Okay, alright

They feed us hate with a crude smile  
To throw us all in a cell  
Heaven's not a place on Earth  
Earth is a place in Hell

Pull up then I tear down every stigma that they made  
they've been plotting on my downfall like I'm gonna change my ways  
You live life for nothing  
You're so fucking disgusting  
Everything you said to me  
That shit wasn't meant to be  
There is nothing left for me  
Death is the enemy  
You live life for nothing  
You're so fucking disgusting  
Clawing at my scars  
They would heal if I ain't touch it  
I think staying sober's hard  
Yeah, I pull that shit out public  
Want to talk shit?  
Then go on  
I can really handle judgment  
Got these markings on my arm  
'Cause I'm fucking self-destructive  
There ain't shit that I'm proud of  
I'm so sick of this household, we call Earth  
I would like it, but it's fucking filled with assholes  
B-B-Beat us down with passion, aye  
We will go out laughing, aye  
It's true to say I lost all my patience when I got betrayed  
When I speak like an annihilistic  
They say I'm pushing for violence  
When they are the servants  
That slither in silence  
I like to hide on my own, aye  
Helps me to chill and unload, aye  
Nothin' but gas in the roach, aye  
Grey clouds help us cope, aye  
Doing fine for so long, yeah  
Living life through my songs, aye  
Wanna know what my life is like  
I count cash all day long

They feed us hate with a crude smile  
To throw us all in a cell  
Heavens not a place on Earth  
Earth is a place in Hell  
Earth is a place in Hell

You're so fucking disgusting  
Everything you said to me  
That shit wasn't meant to be  
There is nothing left for me  
Death is the enemy

You live life for nothing  
You're so fucking disgusting  
I know that you hate me  
You think I'm two different people  
Say I'm fucking crazy  
Say I'm fucking evil

(Break!)

All this hate pushes my revenge  
I'm too smart to fall in love again  
You're so fucking disgusting
