Get cheques then I make my move
I stay vex 'til I make my move
I took time but I made my move
I don't care what other people do (Yeah)
Give me the cash and then I make my moves
I stay silent and then I make them moves
Hide from lies 'cause the talk's not true
It's all for me and none for you

Wait, wait, wait, wait, wait
You see I had to give my weed up 'cause I'm fucking gassed, blud
One more time for the dickheads that didn't hear me

Move
Get cheques then I make my move
I stay vex 'til I make my move
I took time but I made my move
I don't care what other people do (Yeah)
Give me the cash and then I make my moves
I stay silent and then I make them moves
Hide from lies 'cause the talk's not true
It's all for me and none for you

He's a traitor not my mate
I stay focused about my fame
I was 21 broke as shit
In the mix like when is my life gone change
But now my life has changed
Wait, my life has changed
I'm over those lifeless games
My focus just topped insane

It's over when I drop this tape
Every album I dropped to stage
Get too close and then you drown in the wave
Yea you know you're not getting saved
Realise what your heart can't take
Realise that you're not insane
Realise that I can't engrave
Realise that I take this pain

I want a bill (Yeah)
I want a bill (Yeah)
I want a bill (Ayy, ayy)
I want a bill (Ayy, ayy)
I want a bill (Ayy, ayy)
I want a bill (Ayy, ayy)
