

Life?

Scarlxrd

Plague

Pu- pu- pull up that boy! Wheel up! Wheel!

It's life or death

I'mma stay right here in the deep end till I fucking drown

Uh, uh

It's life or death

Pick one side and fucking stay there (Oh, fuck)

Is this what you-

Is this what you want?

Want

Ayy, I spend all my time on dopamine, hits to my brain, uh

Focused on a black screen shining pixels in my face, uh

Guess I'm just like vermin, I'm addicted in my cage, uh

Bitch, I'll break your pussy, my dick large and on display, uh

I see Earth like a prison

I'm addicted to addiction

I function way better on these things

Need it harder in my system

Come on, come on, come on, give it

Need it harder in my system

Come on, come on, come on, give it

Need it harder in my system

Is this what you-

Is this what you want?

Want
