

Everyting alright
Ready?

Yeah yeah, Scar
Lord
Ay

I fix it up then I get out
Throw on the mask then I head out
North Face is all that I wear now
Turn up the show with my head down
I'm on my own, I won't sell out
I'm on my own, watch me spread out
I hit the ground then I set out
Bitch I'm a goat, you're a sellout, yuh, hah

Young Scarlxrd, what you want? I'm a boss
I still get fucked up when I want, I'm a boss
I still get these bands when I want, I'm a boss
I got bands coming in, I'm a boss, I'm a boss

Big bank roll no cappin
Been there 'round that caddy
Niggas ain't growin' no bands
Never doing broke boy addicts
Fuck the chance, still lavish
Muppy on the beat, stay savage
Getting the bands with ease
No previews, no leaks
20 on my wrists, lowkey
Been there 'round that caddy
Niggas ain't growin' no bands
Never doing broke boy addicts
Fuck the chance, still lavish
Muppy on the beat, stay savage
Getting the bands with ease
No previews, no leaks
20 on my wrists, lowkey

Call my phone, I never answer
Nigga had to get his bands up
Apologies to my accountant
Yeah I always know he's stressed out
Bossed up like "aw yeah!"
30 bands to my lawyers
Can't find me, ties in Russia
I ain't even cross the boarder
Stumbling out of the Jeep, uh
Too fucked up, can't see, uh
We ran away for a week, uh
Baby girl last I'm in lead, okay
23 all on my wrist, okay
Run up the bands then I'm pissed okay
Thinking i'm not gonna sleep today
I live the life that I think

Been there 'round that caddy

Niggas ain't growin' no bands
Never doing broke boy addicts
Fuck the chance, still lavish
Muppy on the beat, stay savage
Getting the bands with ease
No previews, no leaks
20 on my wrists, lowkey

Serious addiction, addicted to money
Just cut off the fraction
I spent off the currency
Had to exchange it, the jet lag was hurting me
I made the bank and it's stacking up perfectly
2 to 3 sellouts they asking for features for 21 thousand
I make it buy quicker
Hublot on my wrist but the time on it different
Thought 'bout the show
Had enough now I'm richer

I fix it up then I get out
Throw on the mask then I head out
North Face is all that I wear now
Turn up the show with my head down
I'm on my own, I won't sell out
