

## My Pain

Scarlxrd

I can feel this way  
I can feel this-

I can feel this way  
I can feel this righteous on my own, o-o-oh

Distance, I've been away  
Fucked up, been alone  
My fault, myself to blame  
Immature, burn me down  
Never lived how I want  
I'll run till my past fades

No you can't hurt me now  
No you can't hurt me now

I can feel this way  
I can feel this righteous on my own, o-o-oh

Distance, I've been away  
Think about it, we changed enough  
I can feel my pain
