Scarlxrd

I don't give a shit  
Scar don't give a shit  
I'm not in the mix  
Scar's not in the mix (Move)  
Take, take  
Take, take

I don't mope around, uh  
Keep that fist grip locked when I can  
Never stop, I go off when I can  
Stupid fire, so high I can't land  
(Ayy, run that back, nigga, one more time, shit)  
I don't mope around, uh  
Keep that fist grip locked when I can  
Never stop, I go off when I can  
Stupid fire, so high I can't land

Don't need a parachute, no  
I'm a mad yout', uh, never had to go  
Am I in last, who knows?  
I'll be the last to go  
I'll never crash, oh no  
Now my Patek's on froze  
Till kingdom come  
Yeah, I'm out of control

They think I'm crazy, think I'm crazy, yeah  
That's a maybe, I might take it there  
Always wavy how I'm living, bro, uh  
Finally found a job where they pay me fair  
I don't give a shit, Scar don't give a shit (Scar)  
I'm not in the mix, Scar's not in the mix (Scar)  
I'm not a criminal 'cause there's no evidence (Scar)  
I'm cynical, cut from a better skin  
Laugh at the last sentence  
They talkin', but they broke and they catfishin'  
Their living is a joke and I can't stand it  
I'll grind for my fix like a crack addict  
My lifestyle isn't fun, it's a bad habit  
I'ma take the throne and be the last standin'  
My lifestyle isn't fun, it's a bad habit  
I'ma take the throne and be the last standin' (Be the last standin')  
I'm a general at peace  
Still ahead of all my grief  
I can talk about my brain 'cause I'm still talking 'bout me  
Go give your silence to the sheep  
I got no problems giving keys  
I change the locks inside my tomb every one or two weeks

I don't mope around, uh  
Keep that fist grip locked when I can  
Never stop, I go off when I can  
Stupid fire, so high I can't land

Don't need a parachute, no  
I'm a mad yout', uh, never had to go
