

NX TALKING.

Scarlxrd

Got no life, I just sit on my throne
Wear the mask if I talk on the phone
I don't care if it's right or it's wrong
Could get ratchet and reach for the pole, wait

Got no life, I just sit on my throne
Wear the mask if I talk on the phone
I don't care if it's right or it's wrong
Could get ratchet and reach for the pole, wait

I'm not sharing my mind or my goals
Sippin on gin till I throw up and pour
I'm so sick of the people involved
When it comes to the ghost I'm a pro
I'll show my face on the Forbes list
They threw the hate and I caught it
I might go buy a new fortress
Living legend going all in
Given confessions to the corpses
Spill more blessing of that raw shit
I remember being poor kid
Had to sleep wooden floor shit

Real bruh nigga shit, kick me out on my fucking arse like that
Acres - I can't see my neighbours, I have acres

Mask off, raw face
Now I'm really bout to kill it
Blast off in space, far away from all you niggas
Oh god, your grace, you refer me as a villain
Oh stop, disgrace, no dissection, that's my feelings

Got no life, I just sit on my throne
Wear the mask if I talk on the phone
I don't care if it's right or it's wrong
Could get ratchet and reach for the pole, wait
Does it count if I've said it before?
I like killing these tracks when i'm bored
Leave them stunned with their jaws on the floor
Take a break and then give them some more

You're a dick, oh my god
Scars shit, he should stop
Oh bitch, suck my cock
You're skint, I'm not
All these bricks turn to rocks
Shut your shit, get a job
I'm the king, I'm a god
Big ego, bigger knob

Got no life, I just sit on my throne
Wear the mask if I talk on the phone
I don't care if it's right or it's wrong
Could get ratchet and reach for the pole, wait
Does it count if I've said it before?
I like killing these tracks when i'm bored
Leave them stunned with their jaws on the floor

Take a break and then give them some more

You're a dick, oh my god
Scars shit, he should stop
Oh bitch, suck my cock
You're skint, I'm not
All these bricks turn to rocks
Shut your shit, get a job
I'm the king, I'm a god
Big ego, bigger knob

"Down inside the tube are tiny glass that produce a nectar."
That was uncalled for
