

Weh the bloodclat do you? Siddung  
In less terms, comes under this part of the country  
You're the only one whose ever told me the truth, they all made a fool of me  
Yeah, yeah, scar, yeah  
PULSE

Take my time (uh)  
Let it slide (uh)  
Fuck that

New shit, got my eyes on the loot, yeah we kill shit  
Nothing nice, nothing cute, yeah I'm too sick  
Too high, too loose, with my movements  
Which I can't choose or love it  
Our lives fulfilled on falling  
Which I can't do, I love it  
But I can't move from comfort

Get to the bag  
I'm not a liar, I do what I can  
I've been awake to relieve all my acts  
I'm sick of trying, I've tried to relax  
But I'm still fucked, I can't calm down  
It's all recycled, my cycle is planned  
We're so entitled, with titles so bland  
Bitch, I'm a psycho, but lacking a path  
(Break)  
Tell me that you hate this  
(Break)  
Tell me that you hate this

New shit, got my eyes on the loot, yeah we kill shit  
Nothing nice, nothing cute, yeah I'm too sick  
Too high, too loose, with my movements  
Which I can't choose or love it  
Our lives fulfilled on falling  
Which I can't do, I love it  
But I can't move from comfort

Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop

Nonstop, nonstop  
We be going nonstop  
Oh yikes, oh shit  
Living like we're on the run  
Live life, live quick  
Kill the goal inside a month  
Watch hides my wrist  
100 milli, then I duck  
Change the number on my phone

Never ask me where I go  
I'm just tryna think big  
You'll never see me on the ropes  
Always see me in my zone  
New flick, same pose  
My mind exposed  
Can't lose control  
Tell me that you hate this  
(Break)  
Tell me that you hate this

New shit, got my eyes on the loot, yeah we kill shit  
Nothing nice, nothing cute, yeah I'm too sick  
Too high, too loose, with my movements  
Which I can't choose or love it  
Our lives fulfilled on falling  
Which I can't do, I love it  
But I can't move from comfort

Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop  
Nonstop, nonstop  
We be going nonstop
