

NXT MY BUSINESS

Scarlxrđ

Yeah-aye (Yeah-aye)

Whatcha you doing, what's your move?
You ain't listening anyway
Whatcha you doing, you ain't cool
You just tryna ride a wave
Whatcha you doing, you a fool
We don't care how much you make
Whatcha you doing, you a fool
I'll sit down and just be great

And I'm minding my business
We don't give a fuck about you, you just in your feelings
We don't talk about you, we all know your business
We ain't even going try once I'm in this (Move)

Fucking get out of my way, yuh
You're wasting time in the day, yuh
Niggas be acting so strange, yuh
I get the bag and then change, yuh
I should go fuck up your car, yuh
Breakin' the windows until dark, yuh
Nigga I'll tear you apart, yuh
I'll fuckin end your life
It's not a problem, okay
I'ma let that shit slide
Then I get back to work
Fuck wasting time in the day
Really doing the most to up my net worth

Whatcha you doing, what's your move?
You ain't listening anyway
Whatcha you doing, you ain't cool
You just tryna ride a wave
Whatcha you doing, you a fool
We don't care how much you make
Whatcha you doing, you a fool
I'll sit down and just be great

And I'm minding my business
We don't give a fuck about you, you just in your feelings
We don't talk about you, we all know your business
We ain't even going try once I'm in this (Move)

I've been going in and in
Swear I'll bet they feel this
I've been going in and in
I've been going till I'm sick
I'll be going till I'm dead
I've been grinding till I'm up
They don't really give a fuck
They don't really do enough

And I'm minding my business
We don't give a fuck about you, you just in your feelings
We don't talk about you, we all know your business
We ain't even going try once I'm in this (Move)
