

## PEACE IN MY LIFE.

WNDWS

Not a man's still intense when I'm venting (Fuck)  
Beamer Benz, copped the Tesla with the red seats, uh  
Keep the trends, they ain't reachin' to my fancy, uh  
Different ends how I'm livin', drippin' classy  
I stop till it's up, on my way, different, get it, cannot break  
They all think I'm drippin' 'cause I'm simply not afraid  
I ain't got no business drippin', Christ, I see the stains  
Princess what I'm dishin', ship 'em like I'm pretty great

Ain't no drippin', I will save  
Keep that passion in my cave  
I do this shit like every day  
No piece of mind will change my fate
