Scarlxrd

"We're all in it, together."
What are you afraid of?
Look mister, he gets paid and everything - don't he?
He's poor, this place is like an old lady's home

Point that finger at me
You're no fucking saint
Deep down, you're worthless
Your criticism has no means
Don't scratch at my surface

I've seen your scream and bend your knee
Don't act like you're perfect
Go, ugh
Boot up, boot up! Wait!
Scar-lxrd

Yeah, I might just go insta my wardrobe and get a new fit
We living so savage we breathe and we get a new lick
I'm dripping in energy, you niggas keep all the drip
If I cut you off, it is what it is
I'm an insane done, been this way since I've know Akonne
Hooks won't take long
Drop man slumped on the pavement, move like fair long
I get busy when I take one, yeah
Now that I've won every race, yeah
Scarlxrd gon' fuck up the stage, yeah
All of my shit carries rage, yeah
Sound is way more than I weigh, yeah
Watch me keep up with the pace, yeah
I'm in my mind and I'm spaced, yeah
I spent the change and it changed, yeah
It's only the paper I chase, yeah
It's only in first that I place, yeah
The card in my sleeve is an ace

I've seen your scream and bend your knee
Don't act like you're perfect
Go (fuck)
Bitch, ugh
