

Queen Lizzie

Scarlxrd

Bless you with my presence
Work don't stop so I can't stay
My whole ethic is attila
Hustle hard and then I play
Its just me on my lonesome
Yeah I get it everyday
I'm get so much Elizabeth
When I sleep I see her face

I didn't even take long to get it
My phone cutting off every ex bitch
Aye

Kicking up dirt in the foreign done messed up my kicks
Under my shit I got weight like I'm packing a 6
Uh
My heart is cold I don't care about feelings
Yeah
Learn for myself and trust no one I'm selfish and vicious
Its all the same but you know they don't act right
Wolvo raised in the night like a vampire
Steer to the front of the line when you can't fight
Lord knows
I fucking get it
We don't take losses on our side
They know our lives simple, yea we blow
Weed smoke
My surebral
Is lethal
Yeah
Whipping in the bm when I'm heading to a set
I put in work now I got it all back
Young nigga still stacking every thing he gets
Tell these other niggas that we really don't care
These times mans wanna twist it on you
They always change it up and twist it on you
That's why I rely on my own two
These times mans wanna twist it on you
They always change it up and twits it on you
They always change it up and twits it on you

Bless you with my presence
Work don't stop so I can't stay
My whole ethic is attila
Hustle hard and then I play
Its just me on my lonesome
Yeah I get it everyday

I'm get so much Elizabeth
When I sleep I see her face
