

Red Light

Scarlxrd

Aah, [*laugh*], one take, Sca-

I'm the last man standing, don't believe it, look around
Jump back on my shit, I'm like a zombie out the ground
Still the same old Scarlxrd, just in front of bigger crowds
Demons in my penthouse, they got killed when I moved out
Shut the fuck up, I've been killing shit
Evil shits been missing, yeah
Lethal resurrection, yeah
Cannot change my vision, yeah, yeah
Come on I'll show you, uh
All of my fans, I owe you one
Got me out the hole I dug
LXRDFAM, you know what's up, it's alright
Took some time away and this shit's bringing back my foresight
Energy I crave, it's my place, I'm the raw type
Stay in my lane when I race, beat the lap time
I don't give a fuck about the next man, this is my life

Ugh, ugh-h-h
All I see is red lights
Ugh, ugh-h-h
All I see is red lights
Red light, red light, red light, red light
Red light, red light, red light, red light

I don't give a fuck no more, my shit be on some God sound
Level up exactly, I intended, I'm a boss now
Couldn't give a fuck about an enemy
They'll never be better than the less of me
It's a mess If they step to me
No, I can not pretend to be
Far from all the remedies
Barbaric you better be
Fall back you can not get to me, uh-huh
All these ends will meet, uh-huh
Shut up, let me speak, uh-huh
God just let me breathe, uh-huh
Shh
Heavy hard sound, my escape
I've been staying on the grind all day
But still I feel angry
I lost my solace, it went ghost that's why I'm crafty
Might place my hand around your throat, I like the gasping
I swear my mind has lost control, it's why I'm aggy
Fuck!
Oh!

Ugh, ugh-h-h
All I see is red lights
Ugh, ugh-h-h
All I see is red lights
Red light, red light, red light, red light
Red light, red light, red light, red light, red light, red light, red light,
red light
Red light, red light, red light, red light
Red light, red light, red light, red light, red light, red light, red light,

red light
