Our vibes were never the same  
Keeping on dropping them flames  
Copping them awful chains  
Niggas ain't got no brains

Weh the bloodclat do you?  
The sales campaign was blown up, I'm sure of that  
People stop at windows...  
Yeah, yeah

Our vibes were never the same  
Keeping on dropping them flames  
Copping them awful chains  
Niggas ain't got no brains  
Forgot I'm Doctor Strange  
New world and see Endgame  
Been on 3 days straight  
Living on kicks and bass  
Our vibes were never the same  
Keeping on dropping them flames  
Copping them awful chains  
Niggas ain't got no brains  
Forgot I'm Doctor Strange  
New world and see Endgame  
Been on 3 days straight  
Living on kicks and bass

Thinking back to when I suffered  
I don't really want the comfort  
Keep on typing till my thumbs hurt  
Double damage on my numbers  
Living savage in my bunkers  
I don't listen to the others  
I just be counting up p's, nigga  
Say my name and it won't work  
Now I'm older, I'm a sensei  
On a level that I can't fake  
Do the shit that they can't take  
I'm just tryna keep my head straight  
Never taking up a rest day  
I'm just tryna make my bread raise  
Living lavish for my own sake  
I'm just tryna make my bread raise  
Go in hard motherfucker, go in hard  
Go in hard motherfucker, go in hard  
Go in hard motherfucker, go in hard

Our vibes were never the same  
Keeping on dropping them flames  
Copping them awful chains  
Niggas ain't got no brains  
Forgot I'm Doctor Strange  
New world and see Endgame  
Been on 3 days straight  
Living on kicks and bass  
Our vibes were never the same  
Keeping on dropping them flames

Copping them awful chains  
Niggas ain't got no brains  
Forgot I'm Doctor Strange  
New world and see Endgame  
Been on 3 days straight  
Living on kicks and bass
