RUTHLESS

Scarlxrd

Paper chase, like I fancy old white women in a crown
Out of place, no don't tell me it's too much, I can't sit down
Set the pace, yeah, I get it how it is fuck with me now
Oh my days, rock it plane, Jane, I don't buss it down

Tripping your way to the coffin, uh
I fell in love with the profit, uh
They know my sound isn't polished, uh
I stay away from the vomit, uh
I want this life, so I got it, uh
So fucking quick, call Sonic, uh
I'm in and out of my body, uh
100 mill, yeah, I got it
Facts, I get bigger every month
I'm going viral, it's no joke
That's the mission, I get focused
They all mad 'cause I can boast
'Bout my millions they try leach, but they go down they get disowned
Should have met in that meeting, nigga, I'd rip out your fucking throat

And I'm ruthless
Niggas think I'm crazy 'cause I do this?
Try fuck with me now, that shit is useless
I told them grow, but they still actin' foolish
Why the fuck should I trust, I don't want to, I'm fine
I'm cool, I'm great, I don't want a fucking lie
Leave me alone, get out of my head, I don't care about what you said
Leave me alone, I'll get my own, I don't fuck with what you like

Recall simple thinking that gon leave you broke
Try and see more, walk with no eyes and you see the most
I should be more, I've been working hard, this ain't no joke
Fucking feeble, drag you to the grave and take your soul

Paper chase, like I fancy old white women in a crown
Out of place, no don't tell me it's too much, I can't sit down
Set the pace, yeah, I get it how it is fuck with me now
Oh my days, rock it plane, Jane, I don't buss it down

And I'm ruthless
Niggas think I'm crazy 'cause I do this?
Try fuck with me now, that shit is useless
I told them grow, but they still actin' foolish
Why the fuck should I trust, I don't want to, I'm fine
I'm cool, I'm great, I don't want a fucking lie
Leave me alone, get out of my head, I don't care about what you said
Leave me alone, I'll get my own, I don't fuck with what you like
And I'm ruthless
Niggas think I'm crazy 'cause I do this?
Try fuck with me now, that shit is useless
I told them grow, but they still actin' foolish (Foolish, foolish)
