This shit fucking petty how you pull me on your problems  
This shit could get messy in a second, just be conscious, fuck

Now I'm glowing and I'm fine, I'm about to hit a switch (Yeah)

Risking my life I can't get complacent  
Staying on the wrong side is a waste replacement  
Hurry up and cut ties keep the flow abrasive  
I still know I won't die from the hate they spraying  
I ain't ever crossed lines but I stand adjacent  
All the levels I've climbed got my soul frustrated  
I've been living offline steady calculating  
Take time or I'mma get aggravated  
One shot make a bitch burn  
On top popping off first  
I'm like a heart throb wallet gon' burst  
I got one job, bodying a verse  
This is SCARGXD lxrds in a hearse  
And I started from the bottom in the dirt  
If it's a problem better cut it or you learn  
You make me worse

Break it down  
You get hexed  
Watch my moves  
For what's next  
Crib with a view  
Never stressed  
But the shit that you do  
It fucks with my head

I do the shit you imagine, yeah  
Get what I think when I ask it, yeah  
Hoe, it's no joke, I sound bat shit, yeah

They know I kill it in fashion, yeah  
They hate on me while I stay laughing, yeah  
Keep talking shit while I cash in, yeah  
Ain't fell off yet that's a fact bitch  
You say that you know me from my past bitch but I'm different  
Saying you don't care about me but you in my business  
Everything before this slowed me down, I had to switch it  
I don't move with caution, lost my mind, I can not fix it  
I know they wish they did this shit play me and they listen  
Your bitch said she want me, uh, and she want my Mrs  
Slow with self control but getting money's my decision  
No guilt on my soul you can't control me now you bitter
