Shh!...

Scarlxrd

Ayy, niggas pulling up, nigga
Man, hold u- Watch out, watch out, nigga, watch out
Fuck you ta- Let's go, nigga
Dropped 'em, dropped 'em
Dropped 'em

I keep it one hundred, I don't need a budget, my pockets are ever so deep
I've never been ducking come say it direct
And I'll aim all these rhymes where you see
Thinking your soldiers in battle but if I get at you
You probably gone freeze
I walk with 50 racks on me
I'm too rich to fight
But my bro he gon' grab you and squeeze
Yeah grab you and squeeze
Fuck all the problems I flow and I breeze
All of the dough keeps control of the beast
They're all bellow, uh, me
Don't talk shit like your bout that life
One mistake and you see that light
Let it all out can't speak inside
Getting cold feet with this so called life

How many times can I repeat the same thing
Keep my name out your fucking mouth
Way too skilled with the shit that I'm chasing
Move that tongue and I'll rip it out
When you talk all I hear is "Bla-bla-bla-bla", shut the fuck up (Shh)
Keep running that bla-bla-bla, I'll cut your fucking throat

What you know about me, bitch?
Hannibal creepin'
One shot, kill 'em off easy
Took the head up off a demon, bare hands, rip it and peel it, rip it screami
ng
What you know about me, bitch?
Hannibal creepin'
One shot, kill 'em off easy
Took the head up off a demon, bare hands, rip it and peel it, left him- shh
A-a-a-a-

Cut you open
The shit in my brain is colder
Afraid of no one
Reach in my brain and code it
Sold my ghost and I'm feeling fine
Had one chance and you blew that hype
Level on 10 can't change that life
Level on 10 can't change my life

How many times can I repeat the same thing
Keep my name out your fucking mouth
Way too skilled with the shit that I'm chasing
Move that tongue and I'll rip it out

What the bloodclat do yuh? Siddung!
I know I'm an error... Play it, play it

You fear your life
They fear your death (Die)
When you talk all I hear is "Bla-bla-bla-bla", shut the fuck up (Shh)
Keep running that bla-bla-bla, I'll cut your fucking throat
