

STEALTH

Scarlxrd

All about the boi, oh my
Shit, light sum'
White lie, aye
Mhm (mhm), Gin made me do it today, sober's a fuckin' joke
Easy, aye yeah, Scar Lxrd
Eugh!

I never be sleeping, I'm plotting away
Patience, I got it, now it was replaced
Leaving the gin, been countin' the days
They movin' on me and still got the pace
Counting the money I made in a day
24 minutes I'm up at my grave
I know what the actions in for the plan
They wanna stop me I'm already tense

Call me Jones, get fucked up balance son
Got sold with gin and rocks, now boist the balance son
On a new world clear I'm god
New head-space got me on
Got dead weight off me duh
On a new wave on my own!
Doing shows and making tracks
Movin stealth got down with that
Business stealth with stacks on stacks
That sounds wack and it makes me laugh
Double the dose I'm making tracks
Call my shows with my diesel fam
Leave my home with the cheese and the stacks
Sold my home, and I race to the bag

Moving in stealth

Moving in stealth (Moving in stealth)

Mask on or no mask with the face
Niggas don't know my face
Niggas don't know my face
Niggas don't know my face
Seem's to blow up everybody loves me?
The love is fake
Their love is fake
Swear to God, Their love is FAKE

I want the bag and paper
Really been bout that paper
Tough for the souls I'm drowning
Except for the Lord knows [?]
I don't keep no one round' me
Niggas wanna be famous
Most of this I'm downin'
Come Lord ask for favors
