

Ay, ay, yeah, yeah
Comin' off the gin yeah, yeah (ay)
Ay, ay, yeah, ay, ay
Ay, yeah

I feel like a villain
No remorse I run them out
I had to change my digits
New niggas acting out
I just mind my business
Mask off dreads down
You know my position
Turn my shit up fucking loud!

Canceled
Fucking cancel
They move backwards
Bands up
Got my bands up
It's a handful
Mansion
Over views the city like the council
Now look
I had to tear this shit up like an animal

Young nigga rich as fuck
But I rock no ice
Roll around with my hood up
They now scarlxrd isn't nice
Mesh mask on my face
When I'm strolling in the night
Got a handful of friends
Guess I had to pay the price

I'm like wait, uh, shut the fuck up!
I'm like wait, uh, shut the fuck up!
I'm like wait, uh, shut the fuck up!
I'm like wait, uh, shut the fuck up!

Live in a land alone my brains the antidote
Eat like a cannibal feeding myself
Your life if laughable took her and dashed the hoe ah... just had to challenge myself
Had to go radical shits so impractical now I just manage myself
It's all about me me me me me me me I should go fuck myself!

Ah... I do not stress no worry's
Ah... niggas that hate ain't got money
I'm keeping my head down now pay day is coming
I'm not on no bullshit just working an dusting these fuckers
That thought they could try me, yeah
I'm still my own biggest rival, yeah
All of these lights are so blinding, yeah
I'm happy and numb to the violence, yeah!

Pick up and run the wealth
I had to learn myself

Run up the check I dealt
I got another belt
I had to learn myself, yeah
I had to learn myself, yeah
I had to learn myself, yeah
I had to learn myself, yeah

Uh, I might dance to my steady notes
Of course, I'm on job with my steady form, ya-ya
Making moves till there red and blue, huh
Getting down in my mansion, wait

How did I get my fix some more
I don't buy no new shit no more
Never gonna mix my drink no more
Let them all talk there shit some more
Ever so lit I'm so on form its a mirical
Done with the minimal
If you get ridiculed
Sorry that's just your fault
Nigga that's just your fault!

I'm like wait, uh, shut the fuck up!
I'm like wait, uh, shut the fuck up!
I'm like wait, uh, shut the fuck up!
