Surfin' Surfin' Surfin' uh  
Surfin' Surfin' Surfin' Lets get it!  
Surfin' Surfin' Surfin' yeah yeah

My town I make waves and I surf the high roads  
My sound, hits you right, make your eyes wanna roll  
Told them niggas "Please", I cannot slow down my own wave  
I'm in a different league, I just really wanna get paid

I took off I'm movin'  
All these thotties yeah I fucked them  
I just got back down to business  
Stackin' money now I'm ballin', yeah yeah  
My mind is toxic, yeh  
Really win my profit, yeah  
Money child I'm buggin', yeah  
Gin has got me buzzin' like ouu, yeah  
Two girls at the same time, woah  
All my girls are freaks they tie me down, like, woah  
I need to make more stacks like a nigga went broke  
I still change my mind like I'm switchin' up the flow  
I zoom yeah still get blazed  
Nah, fuck that, I'm past that phase  
Sit on my own and sip Bombay  
Can't come when I smash up the place  
Fuck up the check like a boss  
I'm gone [?] my chin won't scar  
I don't care 'bout where you from  
[?] the kid that's got that sauce like yeah

Surfin' Surfin' Surfin' uh  
Surfin' Surfin' Surfin' Lets get it! Yeah  
Surfin' Surfin' Surfin' yeah yeah  
Surfin' Surfin' Surfin' Lets get it!

In the back with my hat, down  
All my pockets they're fat now  
I'm smart swimmin' with my pounds  
Savages wanna learn now  
I don't flex it on my ground  
Old girl wants me back, down  
I can't take back the old trash  
I already threw that out, wait  
I will make a milli put that right inside the safe, yeah damn down  
For my momma imma move her out the place, yeah  
Imma make 100k a hundred different ways, yeah  
I can show you profit if you really down to wait

My town I make waves and I surf the high roads  
My sound, hits you right, make your eyes wanna roll  
Told them niggas "Please", I cannot slow down my own wave  
I'm in a different league, I just really wanna get paid

Surfin' Surfin' Surfin' uh  
Surfin' Surfin' Surfin' Lets get it!  
Surfin' Surfin' Surfin' yeah yeah

Surfin' Surfin' Surfin' Lets get it!
