Scarlxrd

Yeah  
Scar  
Easy now  
Just in case you fuck niggas forgot yeah (Is that Shoki on the beat?)  
Vader

Psycho emerges  
I refer to myself third person  
Scarlxrd but a miniature version  
I got game in the back, not burners  
My sale attached, not worth it  
New face, only die with purpose  
Take enemies down in person  
Got a venomous bite like a serpent  
No man is making me nervous  
I ain't gonna act hard on the surface  
Oh shit he's a liar  
Are we mad back in the circus?  
Don't make me [?] curses  
I head on their tracks they're worthless  
Bitch say I fell off set  
I ain't underground I'm working  
I ain't on the ground I'm grown  
Didn't wanna trust a room  
Went bad then half of the ghosts  
Fuck image I'm back to the booth

Take off the mask  
Put on the mask  
Take off the mask  
Talk shit, can I keep on now  
Been on that tight [?]  
Can anybody beat me now  
They say that I drop too much  
I don't think I'm dropping enough  
Oh everyone's a fuckin' expert now  
This also why you broke as fuck  
Been in this crib  
Why would I share what I think  
Fuck it I'll give you a glimpse  
Matter I'm killin' off pigs  
These days I'm laughing I won't [?] like this  
I am the special at least  
Killings unmoral my nigga, it is what it is  
I see niggas try reach for me  
Says that I look free  
Said I'm sick of this shit  
Watch 'em drown  
Watch 'em sink  
In my mind they cannot swim  
[?] risk  
I think I dreamt of the slaughterhouse  
Runnin' all over you talk about  
I busy here when you run your mouth  
They won't just hate me they love me now  
Pennies on pennies on pennies on pennies all on me now

Yes I'm incredible, not that forgettable  
Got a few songs on the run, not terrible  
Drop that decibel, life got plentiful  
I said I've been getting an update  
I get the money and Northface  
AAAAAH F- F- F- FUCK

Hold on let me think  
Let me get my rhythm when I wink  
Never been the follow of the rings  
Lookin' at my shoulders for revenge  
Now I want it big  
[?] the crib  
Now I gotta get it how I'm thinking [?]  
Keep thinkin' bout better than the last beat, ooh

Yes, I do  
I don't give a damn  
Movin' like a fed  
Drivin' through your realm  
Give a fuck

Why the fuck would I be tryna think  
Don't you try your luck
