

Wake Up!

Scarlxrd

Oh my god, make you thing I got it (got it)
Oh my God, make you thing I got it (got it)
Oh my God
Scarlxrd (Scar)
Scarlxrd (Pussy)
Ey, ey, ey
E-E-Ey PULSE, this shit slams

Wake up
Your life is ending
Wake up
Heartbeats too quick 'cause you're anxious, aww
No one gives a fuck if you're anxious
Anxiety got me on a mad one
Ay yo step back pussy boy
I don't trust niggas I'm jumpy (Fuck off)
Don't stare too hard pussy boy
I will up the blade if it's on me

I got some paper to make, yeah I'm insane
Niggas been hacking the game
Fuck all the fame
All of you pussies are lame
I do this shit that you can't
Get all the gang
I'll make you niggas sound tame
I'll make you drown in my wave
I got more skill in my dick with my chick
Than you got inside your fucking brain
I just had to buy a Rollie
Niggas acting like they know me
All their shit sounds boring
Hear the same damn story
In the drop top pouring
I'm your father calling
Niggas gone no warning
Never come back for it
Always off in a hurry
10 toes down with the ground I'm running from something, uh
Never self-conscious money on my mind I'ma kill shit often
Never drop knowledge going in fast you are not my problem
Who gives a fuck about gossip? I swear you niggas is toxic
Live my life for me I don't care about losses
Still, I got different styles upon the ready
The demon is back with hunger in his belly
Been killing the tracks my money staying heavy
They twisting the facts I've been up and I'm heavy
Man fuck all your gang you see me you get sweaty
I bodied the rank I'm gully 'cause I'm deadly
I'm counting the bands and thumbing through the twenties
You niggas is trash I said that shit already
Step into my fucking mind
Try your best not to crumble
They fake their smiles and fake their lives
So fuck being humble

So fuck being humble

Fuck being humble
So fuck being humble
Fuck being humble

Wake up
Your life is ending
Wake up
Heartbeats too quick 'cause you're anxious, aww
No one gives a fuck if you're anxious
Anxiety got me on a mad one
Ay yo step back pussy boy
I don't trust niggas I'm jumpy (Fuck off)
Don't stare too hard pussy boy
I will up the blade if it's on me

I'm nothing, Pussy, Scar
Oh my god, make you thing I got it (got it)
Oh my God, make you thing I got it
