

# WINNING

Scarlxrd

Yeah, yeah, yeah, yeah  
Ay (Scar)  
On your fucking feet, let's move

Nigga we're just getting started  
Nigga we're just getting hyped up  
No motherfucking like us  
No motherfucking like us (yeah)  
Nigga we're just getting started  
Nigga we're just getting hyped up  
No motherfucking like us (hey)  
No motherfucking like us

That's a new seat inside there, yeah  
Scarlxrd real survivor, yeah  
Everywhere I go talk down at ya  
Now them nigga's so proud of me, yeah  
Them were the niggas that laughed at ya  
Now them nigga's so proud of me, yeah  
Those were the niggas that banished, ya  
Now them niggas want handouts, yeah  
Leave it out, I text my right half that we 'bout to make it rain  
Speak that passion, get a mansion, make a mil then relocate  
Couple people in my past try hit me up, are they insane?  
No distractions getting past me, trust me fam I know the stakes

What?  
They speak like we forgot  
Is it on-sight beef or not?  
I don't touch them lethal rocks  
Keep a clear head, beat the odds  
Till the very end, keeping on  
On the grind, like he's a God  
Make you man look silly and run  
They can't keep up  
Get up and grind in the day  
That's how a nigga gets paid  
Ignoring things that they say  
I put the food on my plate  
Watch when I build a new house with the cave  
I get what I think  
I think of killing this shit  
I think of doing it big  
I think I'm bigger than him  
I'mma get nine figures sterling then quit all this shit  
No, they don't know  
We got VISAs, whips be diesel  
When my back's on the floor  
Only time when I be sleeping  
And I know, let it go  
I don't care what people thinking  
How they deal, how they cope  
Kinda shows that they're the weakest  
Baby, I know that I'm rich  
They want me down in my feelings  
Smile on my face, yeah I'm winning  
I'm never down in my feelings

I make a path then I kill it  
If I want a goal then I get it  
Then I'm off minding my business  
Scarlxrd collecting the winnings, uh yeah  
See the shit inside my head  
That been keeping me awake  
Traumatising like a fucking nightmare  
I've been keeping silent til' I'm ready (yeah)  
I won't end up in a coffin  
Tryna get on my boss shit  
Richard Millie on the watch list  
Nigga we just getting started

Nigga, we're just getting started  
Nigga, we're just getting hyped up  
No motherfucker like us  
No motherfucker like us (yeah)  
Nigga, we're just getting started  
Nigga, we're just getting hyped up  
No motherfucker like us (hey)  
No motherfucker like us
