

Yeah, yeah, yeah, Scarlxrd  
Haha  
Oh yeah

Nigga, we're cheating, we got the codes  
Nigga, we're cheating this shit, oh yeah  
Out of my business, out of my notes  
Or you'll be tasting my fist, okay  
Animalistic with visuals  
Hublot is heavy, my wrist is glued  
Bout all that action we see the news  
Fuck on my bitch till her legs can't move  
Stumbling out of my Rarri shit  
I do not know how to start the shit  
Ducking all the polish and washing it  
All of my pockets are solid bitch  
Fuck it I got me a Chauffeur  
And I just copped her some boots  
Still moving rapid, not slower  
I'm killing this shit like it's cruel

Easy bro, wanna talk that greasy flow?  
Wanna know about evil bro?  
Nah, stop that peaceful mode  
I wanna get that jeep for road  
Yeah I'm on that eagle scope  
I wanna get back even bro  
Can't take that gleeful mode  
Your on your own

Yeah, I did it, oh my God  
Yeah, I made it, oh my God

Keep back, I'm setting off like a bomby  
Down drinks then go off like a zombie  
When I come better put in graft not sloppy  
Chilling with bear, gin shots in my body  
Can't see shit, can't find my face  
Wear my mask then I'm ready for hate  
Going ham, I got cheddar to make  
We don't care about leach or snakes

Oh boy, we don't care about them  
We don't care about them  
We don't care about them  
We don't care about them  
We don't care about them  
Oh boy, we don't care about them  
We don't care about them (Oh my God)  
We don't care about them  
We don't care about them

Bitch don't piss me off or might drag some glass across your neck  
War is in my heart and I won't stop until we both are dead  
Petty since the start, I still wanna crush your fucking head  
Catch you in the dark and drag you by your fucking broken legs

Yeah, I did it, oh my God  
Yeah, I made it, oh my God  
Yeah, I did it, oh my God  
Yeah, I did it, oh my God  
Yeah, I made it, oh my God  
Yeah, I made it, oh my God  
Yeah, I did it, oh my God
