

Oh
Plague
Brian Spencer
Oh (Blergh)

Fuck this planet, fuck this planet
Fuck this planet, fuck this planet
Fuck this planet, fuck this planet
Fuck this planet, fuck this planet
Fuck this planet, fuck this planet
Fuck this planet (Die)

You're all so weak
Think, bitch, think
Just another marble in the brown bag
Your life is beneath me, oh
Fuck
What's another twenty-seven more years? Let's go
Argh, I'll take the both of us

Die, die, die, die
Die, die, die, die

I'll live again
This time I'll live forever
You will forget me
The pain's gonna turn to pleasure
It's life or death
I can bring whichever
So choose to ascend
Or your head's getting severed
Argh

What's another twenty-seven more years? Let's go
Argh, I'll take the both of us
You're all so weak
Think, nigga, think
You're just another marble in the black ring
This planet's beneath me
Fuck
What's another twenty-seven more years? Let's go (Die, blergh)

Die, die, die, die
Die, die, die, die (Oh)

I can't escape this
Take as much as I can
I can't escape this
I wish I was Omni-Man
I wish I was Omni-Man (Blergh)

Fuck this planet, fuck this planet
Fuck this planet, fuck this planet
Fuck this planet, fuck this planet
Fuck this planet, fuck this planet
Fuck this planet, fuck this planet
Fuck this planet
