Scarlxd

Yeah, Scar, Lxrd, I got a feelin' now, yeah  
I got this feeling that I, just  
I got this feeling that niggas gon' be okay, Scarlxd

I got the drank up in my sleeze, yeah  
You know where I be, yeah  
I don't care for enemies  
I got bread to eat  
Special places gotta see  
Always on my feet, yeah  
Fucking told the mommy "Okay" when I sing, yeah

I'm just chillin' with the team on my back  
So don't start I don't sleep  
I got the green on my lap  
You're a fraud  
All you wanna do is preach on the crap  
But it's okay  
All my Jesus done around me  
If I call her [?] she gon butt dial on me  
I still got my wiener and my cash on me  
I don't ever trust someone who's never trusted me  
Yeah, like, when did all my old friends turn to enemies?  
Ooh, yeah, baby please don't stress  
I can't lose control like woah  
Ooh, yeah, I can live a life  
But that never made me whole, yeah  
Imma do my thing I'm bored  
And fuck you till you're sober, yeah  
If a thottie hits my line you'll know I let go

I got the drank up in my sleeze, yeah  
You know where I be, yeah  
I don't care for enemies  
I got bread to eat  
Special places gotta see  
Always on my feet, yeah  
Fucking told the mommy "Okay" when I sing, yeah

Yeah, down, yeah yeah, haha, Scar, Lxrd

You be fuckin' with them lame niggas  
All you need yourself is a real one  
I see that you stressed out  
Come to the crib  
And smoke or drink some  
I know how you like it  
Ain't seen you in a minute  
Let's fuck tonight and forget our commitments  
Yeah, you know my name  
I just wanna hear you scream it  
Imma put my tongue on your pussy  
Make you real wet

I could make you want less even if that on my own  
Watch me go and get it I won't fucking give it up  
They don't care about me, yeah

They don't care about me, yeah  
They don't care about me, e, e, e, e, yeah  
Yeah, I hope to lose it all  
You make me want it more  
Uh, and if you feel that way then climb on top and imma fuck you till you cum, yeah  
I could make you want less even if that on my own  
Watch me go and get it I won't fucking give it up, yeah  
I'm sittin' in the right part talk that's a roll up  
Just think about this time we love  
I could make you want less even if that on my own  
Watch me go and get it I won't fucking give it up
