

All the light I see  
Only in my dreams  
Brave enough, just you and me, huh, uh

Life style ain't no passion in it  
Look how much cash we make  
Need my cash receipt  
Ain't no-, yeah  
Ain't no pressure with it  
There ain't no pressure with it  
There ain't no-, uh, yeah

I'm just working on my flaws, I ain't tryna win awards  
I'm attached to getting more, wish I knew what it is for  
On the grind like I'm metallic, you'll see sparks from every sword  
Too addicted to the magic, always working on the cure  
Mind my business, keep advancing while they feeling insecure  
No more reasons left to panic, now it's time to take it all  
Now we really independent, hidden treasure to explore  
Throw me shade, I might not get it, I'm too busy being Lxrd  
I still treat it like a land mine, careful how I play  
Can't be loosing all my damn lives tryna beat the game  
Dark magician in the daylight leaving disarray  
Count me out when my hands tied Scarlxrd great escape  
I been 1 of 1  
Winning in my mind, I can't let it pass me by  
Tracking every time that I feel I fell behind  
Mistakes cause decline, cut the cord off to survive  
This shit get heavy but I'm fine  
Kick the bullshit to the side  
Last year they all hated, bet this year they catch the vibe  
Let go of the spite  
Grinding solid made me ain't no luck involved in mines

All the light I see  
Only in my dreams  
Brave enough, just you and me

Time still passes at the bottom, yeah  
Days long stressing on the problem, never made much sense to me  
But we still do it when we're somber, ah, ah, ah  
I'm still looking for the way like that shit had been forgotten  
Best you check the record, we are not the same column  
Even with the hate from the fame I still blossom, ah, ah, ah, ay

All the light I see  
Only in my dreams  
Brave enough, just you and me
