

Done Me Wrong

Scars on Broadway

Take a minute to think about the future
If you could, know what you'd think? You'd never be strong
When the stars are aligned for disaster
You'll never know where you'll end up in the long

You're a user, there's no future
No place left for us
This is the last time
You've done me wrong
You've done me wrong

When your world is run by a bastard
You'd never know when the shit will hit the fan
When you think about revolting
My suggestion is you have a back-up plan

You're a user, there's no future
No place left for us
This is the last time
You've done me wrong
This is the last time
You've done me wrong
No place left for us

I will be a wrench, I'll get my revenge
The biggest asshole nice guy
Summon your demise, aid's your mass disguise
In the dark pale moonlight

This is the last time
You've done me wrong
This is the last time
You've done me wrong
No place left for us
You've done me wrong
You've done me wrong
You've done me wrong
No place left for...
Us
No place left for us
