

# Ballad of Love

Scatman John

I've looked everywhere, and I never really found  
Somebody like you who was wholesome and sound  
Where both of us knew we could see with closed eyes  
Where neither of us had the need to tell each other lies

Nothing really mattered much as long as we're together  
We can change with the seasons, no matter what the weather  
Where we could be in harmony, together every day  
Knowing when we're young and old that we could always say...

I'll always want you by my side  
To give you what you've been denied  
I need you to know I want you

I can feel you  
I can see you  
I will let you  
Touch me

I can hear you  
When you call me  
When you say you  
Love me

Work days, holidays, every day's a good day  
Everything the way we know it's gotta be  
Accepting you without the need to change the way you are  
Alone, together, checking out the stars

Knowing we could leave, but neither of us ever would  
Both of us together through the sad and the good  
Totally devoted as lovers and friends  
And suddenly we realise that love never ends

I'll always want you by my side  
To give you what you've been denied  
I need you to know I want you

I can feel you  
I can see you  
I will let you  
Touch me

I can hear you  
When you call me  
When you say you  
Love me

I can feel you  
I can see you  
I will let you  
Touch me

I can hear you  
When you call me  
When you say you  
Love me

I can feel you  
I can see you  
I will let you  
Touch me (for all my life)

I can hear you  
When you call me  
When you say you  
Love me

(I can feel you) I can feel you  
(I can see you) I can see you  
I will let you  
Touch me

I can hear you  
When you call me
