

My dick gets hard to make men soft
Big egos don't get me off
Cause when I hear you talk the talk
I just can't wait to get on top

Think you can handle it
You're acting tough as shit
The sheets around your wrists
Now you can suck on this

Take you down a peg and peg and peg and peg
If you're a macho man then beg and beg and beg and beg
Bend you over the bed the bed the bed the bed the bed
It's time to take you down a peg

Show me just show me how baby girls say please
Cause you were just daddy but now you're on your knees

Think you can handle it
You're acting tough as shit
The sheets around your wrists
Now you can suck on this

Take you down a peg and peg and peg and peg
If you're a macho man then beg and beg and beg and beg
Bend over the bed the bed the bed the bed the bed
It's time to take you down a peg

Peg peg peg get on your knees and beg
Peg peg peg get on your knees and beg

Take you down a peg and peg and peg and peg
If you're a macho man then beg and beg and beg and beg
Bend over the bed the bed the bed the bed the bed
It's time to take you down a peg

Good boy

Peg peg peg get on your knees and beg
Peg peg peg get on your knees and beg
