

# Pink Bubblegum

## Scene Queen

I'm about to pop like bubblegum, yum  
Xany's on the flight steady chewing drugs  
I'm in it for the fame I don't want your love  
Yeah, I'm about to pop like bubblegum

I'm about to pop your music bubble  
I be picking fights gonna get in trouble  
Label said to watch the way I talk, but  
I'm about to pop, fuck it pop off!

I'm the drama queen so I keep abusing  
All these cliches everybody else uses  
Do it for the spite so I keep on chewing  
And make them all talk  
Bubblegum when I pop off!

I'm about to dead your temper tantrum  
Girl said she loves me cause I'm handsome  
Blizzard on the train hold her for ransom  
She's knows I write bops, I'm about to top  
Sloppy

I'm about to pop your music bubble  
I be picking fights gonna get in trouble  
Label said to watch the way I talk, but  
I'm about to pop, fuck it pop off!

I'm the drama queen so I keep abusing  
All these cliches everybody else uses  
Do it for the spite so I keep on chewing  
And make them all talk  
Bubblegum when I pop off!
