

POV

Scene Queen

Bitch I can see you just watching me
Stay in your lane, better POV
You wanna bite like a copy cat
You watch me so watch where the bag is at

Cause I made a name off of one release
Stay in your lane better POV
No one will ever compare to me
You're fucking with internet royalty

Cut the wi-fi
Better log off
Kill your timeline
Like a gunshot

Cause you try to
Be a knock off
I'm a rare breed
I'm a hot shot

Breaking your neck when you look at me
Cause I'm at the top that's my POV

I'm at the top, I'm at the top, I'm at the top that's my POV
You wanna cop ride what I got
All on my jock that's your POV
I'm at the top I'm at the top I'm at the top I'm at the top
You wanna rock, you're such a flop
Wish I could block your POV

They're fighting to sign but I'm taken
Yeah that's what you get just for waiting
You loving the shit that I'm making
Look at the game that I'm changing
