

The Best Thing (That Never Happened)

Scene Queen

I let you get away with thinking you're the cure
I think I'm in too deep, it's time to pull the cord
You like me more when you think I'm getting bored
I hope you're home the day I tear down the walls

I won't settle, settle, settle
You are never gonna hold me down
So toxic, you ain't nothin' but a prick
I'm the best thing that never happened to you

Never, never, never, you are never gonna live this down
Life's too short, I can't fake it anymore
I'm the best thing that never happened to you

Don't you get sick of only hearing your own voice?
Talk like you're so damn tough, but you're just a little boy
You like to think you've broke the mold, but now I'm sure
You'll crack just like the rest when
I stop your fucking
Smash your fucking
Break your fucking jaw

I won't settle, settle, settle
You are never gonna hold me down
So toxic, you ain't nothin' but a prick
I'm the best thing that never happened to you

Never, never, never, you are never gonna live this down
Life's too short, I can't fake it anymore
I'm the best thing that never happened to you

(I break your fucking jaw)

I won't settle, I won't settle, I won't settle
I won't settle, I won't settle, I won't fucking settle
I won't settle, settle, settle

You are never gonna hold me down
So toxic, you ain't nothin' but a prick
I'm the best thing that never happened to you
Never, never, never, you are never gonna live this down
Life's too short, I can't fake it anymore
I'm the best thing that never happened to you
