

Fate

Schiller

Heaven...

Shape of
A fated reason
Like the sun
To every season
Eclipse of
The truth of your touch
Falling fear
I surrender my life to you

Fate
It comes
Only but a lifetime
And I can't wait for heaven to call
For I've been waiting all my life
(It's in your eyes, in your eyes)

Treasure
Every beat of your heart
From above
Your love completes my life
I feel earth
Breathing in your eyes
Universe
Unfolding tonight for you

Fate
It comes
Only but a lifetime
And I can't wait for heaven to call
For I've been waiting all my life
(It's in your eyes, in your eyes)

Fate has come...
