

## As Good As You

Aliocha Schneider

Talkin' 'bout your sunny soul  
You know I'll never be  
As good as you  
And talkin' 'bout your noble mind  
You know I'll never be  
As righteous as you

And I just can't believe  
That you care for me, hey  
You know I want to be moved  
By the music that has moved ya

Talkin' 'bout your sunny soul  
You know I'll never be  
As good as you  
And talkin' 'bout the fiery look you have  
You know I'll never be  
As brave as you

And talkin' 'bout your smile rebelliously wise  
You know I'll never be  
As true as you  
And talkin' 'bout the fights you fight  
You know I'll never be  
As strong as you

And I just can't believe  
That you care for me, yeah  
You know I want to be moved  
By the music that has moved ya  
I just can't believe  
That you care for me, yeah  
You know I want to be moved  
By the music that has moved ya

Everyone, look at the sun  
Everyone, look at the sun  
Oh, everyone, look at the sun

I just can't believe  
That you care for me, yeah  
You know I want to be moved  
By the music that has moved ya  
I just can't believe  
That you care for me, hey  
You know I want to be moved  
By the music that has moved ya  
Mmm-hmm
