

## Summer Camp

### School Boy Humor

Two long years  
we made it through  
anguish and love  
it was just me and you  
as we sit here and talk  
I can see through your eyes  
the love that you had  
is gone to my surprise

And my tears won't lie  
they're screaming your name  
I could never show this pain  
I hope you the best I never had  
how could life ever get this bad

You feel no remorse  
for words that were said  
seeing you with him  
is the only thing I dread  
I want to feel your warmth  
and feel your touch  
why am I so cold?  
why does this hurt this much?

Goodbye...
