

Trophy Wall

School Is Cool

Don't wanna eat me when I'm starving
I'd be all chewy and tough
You wouldn't want me on your trophy wall
My fangs aren't fierce enough

Who would have thought among the big game
Among the predatory cats
Among the rhinos and hyenas
I turn out to be the last

Tell me tell me true
I'm a savage through and through
Tell me tell me true now

Nothing could come close no, not if we say so
Nothing ever will 'till we move in for the kill, kill
Nothing could come close no, not if we say so
Nothing could come close

Don't you sell me to the zoo yet
Being caged is not for me
Make me in to one of those skin rugs
So I can crawl beneath your feet

Tell me tell me true
Tell me what I always knew
Tell me tell me true now

Nothing could come close no, not if we say so
Nothing ever will 'till we move in for the kill, kill
Nothing could come close no, not if we say so
Nothing could come close

(Tell me, tell me true, tell me what I always knew)
(Tell me, tell me true, tell me what I always knew)
Tell me, tell me true, I'm a savage through and through
Tell me tell me true now

Nothing could come close no, not if we say so
Nothing ever will 'till we move in for the kill, kill
Nothing could come close no, not if we say so
Nothing could come close
