

## As The Years Go By

Scooter

Oh, as the years go by  
I just wanna turn back time  
To when I was a kid  
Never worried 'bout anything  
Now that I have grown old  
Full of questions, no one's answering  
So take me as I am  
I am starting to feel young again

Controlling and rolling yeah, shaking the ground  
So inspired by the beat, when I try to get down  
Keep your punks lined up, when you're lacking the nerve  
I'm the prince of rhyme and it's time to serve, yeah

Oh, as the years go by  
I just wanna turn back time  
To when I was a kid  
Never worried 'bout anything  
Now that I have grown old  
Full of questions, no one's answering  
So take me as I am  
I am starting to feel young again

Girls in trance, breaking in sweat  
Don't take five, take what you get  
I get raw to the core don't care what they say  
When I'm burning the draw, I got my style from UK, yeah
