

# My Gabber

Scooter

My gabber is my best friend, my mate  
When I'm in the field, and I'm with you  
Then I'm with you my friend, my mate  
My hooligan

My gabber is my best friend, my mate  
When I'm in the field, and I'm with you  
Then I'm with you my friend, my mate  
Because our friendship never dies

Yes!

My gabber is my best friend, my mate (my mate, my mate)  
Everybody!  
My gabber is my best friend, my mate (mate, mate, mate)  
Because our friendship never dies

Never on our own because we are one  
Getting into trouble ever since we're young  
It's time to raise your fist and let them know  
Join the revolution, all fucking go

My gabber is my best friend, my mate  
When I'm in the field, and I'm with you  
Then I'm with you my friend, my mate  
My hooligan

My gabber is my best friend, my mate  
When I'm in the field, and I'm with you  
Then I'm with you my friend, my mate  
Because our friendship never dies

(Because our friendship never dies)

Through good days and the bad  
Always help each others back  
Fuck all other people said  
What you see is what you get  
It's time to raise your fist and let them know  
Join the revolution, all fucking go

My gabber is my best friend, my mate  
When I'm in the field, and I'm with you  
Then I'm with you my friend, my mate  
My hooligan

My gabber is my best friend, my mate  
When I'm in the field, and I'm with you  
Then I'm with you my friend, my mate
