I'm the spitting of the winning the division
(I like to fly, I just wanna get by yea)
Equipped with clips that won't quick your television
(Already old, I just want to get stoned yea)

They tell me to write, to report, I tell 'em listen
(I like to fly, I just wanna get by yea)
Ideas for bass, I'm redefining definition
(Already old, I just want to get stoned yea)
